

CPM Training Centre

A professional, high quality training venue
located near the Belconnen Town Centre

The CPM Training Centre is a new training facility at the CPM offices in Jamison

www.cpm.org.au

Designed by professional trainers, this recently built training facility offers a range of features including:

- capacity for up to 30 people configured with round team tables;
- capacity for up to 30 people configured in a U shaped board table;
- capacity for up to 50 people in theatre style seating;
- an adjoining lounge for session breaks or team break-out space; and
- an additional conference room and team activity space if required.

The Training Centre consists of a large training room (10m x 11m) with an abundance of natural light and an adjoining lounge area (6.5m x 11m) which includes couches and seating areas. An additional conference room (6.9m x 4.7m) is also available if required which seats another 14 people.

A range of catering options is available including tea and coffee, morning and afternoon teas, and lunches on-site or at nearby restaurants.

About CPM

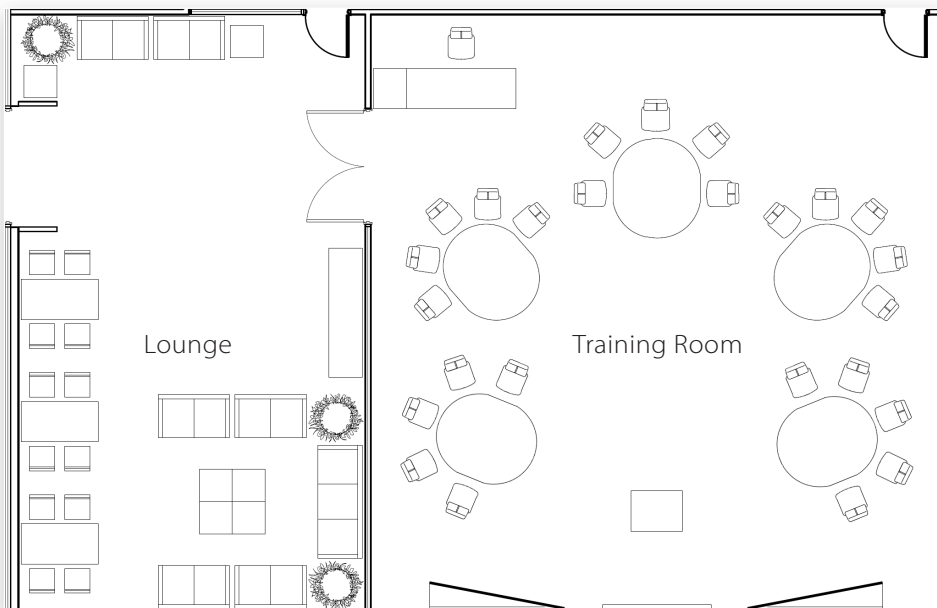

The Centre for Public Management (CPM) is a Canberra-based company that specialises in the development and delivery of management and leadership programs for the Australian public sector.

The CPM Training Centre has been developed to accommodate CPM's non-residential programs.
